

# VD EQUIPMENT

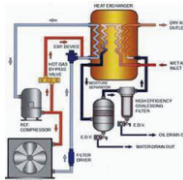

Reciprocating Air Compressors | Refrigerated Air Dryer

- ▶ Easy in Installation & Low Maintenance Cost
- ▶ High Operating Efficiency
- ▶ Low Oil Consumption
- ▶ Low Noise and vibration levels

## FEATURES :

- » CFC free, eco-friendly refrigerant
- » Constant dew point at all varying load
- » Two stage effective moisture separation
- » Lower power consumption
- » Built with necessary protectors for electrical & refrigerant systems.
- » Most modern refrigerant system components and pressure switches.
- » Automatic, maintenance free and user friendly
- » Compact design, requires less floor space.
