“ DELIVERING SPECIALITY INKS FOR TEXTILE INDUSTRY ”

30 years ago, it began as most stories do—in a small space.

Being passionate about decoration and screen printing on garment motivate us to develop finest technologies of PVC-Free Water Base Ink and Phthalate-free Plastisol inks.

Through continuous research and development, we have been able to create inks that can be printed wet-on-wet on automatic machines, improving productivity and saving power costs.

Our commitment to innovation ensures that we stay at the forefront of the industry, providing our customers with the best possible products.

Visit our website to explore more about our products . Our PVC-Free Water Base Ink and Phthalate-Free Plastisol Inks offers vibrant colors and excellent stretch for all fabrics, allowing you to create stunning designs while being environmentally conscious.

Experience the best in the industry with our range of high-quality inks. Not only are our inks of the highest quality in the industry, but they are also environmentally friendly and safe for users.
